

BPP i9

1200 x 1000

Solid and strong 6-runner plastic pallet for loads up to 1500 kg in the high rack

This strong pallet which is made with gas-assist low pressure injection technology sets a new standard for the European beverage industry. Thanks to the unique anti-slip strips and grommets, it ensures a firm and safe handling of your goods. The extra wide opening between the blocks enables an easy use and prevents damaging of the pallet.

Bottom support

> 6 runners (6R)

Deck options

> open deck (CD)

Extra wide opening

Grommets under deck

Rubber inserts under blocks

Rubber inserts under blocks

Anti-slip strips on deck

- ESD prevention: anti-static

*1 Figures can vary depending on the raw material used and options applied. *2 Guideline values are based both on experience and parts of test ISO 8611, which tests with evenly distributed loads at room temperature (20°C). Varying data may result from different conditions of usage. Your specific requirements can be identified upon request. *3 Minimum quantity required - PO pallets should only be used and stored in a dry environment. We reserve the right to change any of the stated information without prior notice.
